

**733 Rogers Avenue,
Brooklyn, NY 11226**

Type: Luxury Residential
Client: 733 Rogers Avenue
Realty
Year: 2019
Cost: \$4.6 million
Project Size: 15,046 S.F.

Narrow width and deep length result in a typical railroad apartment layout, but even in this limited setting, the resulting facade is anything but sterile. Fitted like a little black dress, with shaped balconies providing a lively facade and light-infused interiors. 733 Rogers is an elegant addition to this Brooklyn neighborhood.
