

Baldwin Public Library Plaza
2385 Grand Ave,
Baldwin, NY 11510

Type: Public Plaza /
Landscape Design
Client: Community Coalition
of Baldwin
Year: 2018
Project Size: 3,100 S.F.

An existing park, currently hidden from public use and street exposure is reconfigured as a plaza, gathering and performance space for public life. The sloped site allows for the design of a tiered seating solution and garden area, overlooking a street level mini plaza, for public gathering, civic activities and street life to happen in an informal setting. The project has been developed as a study in public space activation for this prominent downtown area of Grand Avenue, Baldwin.

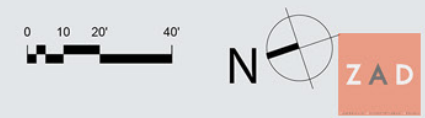

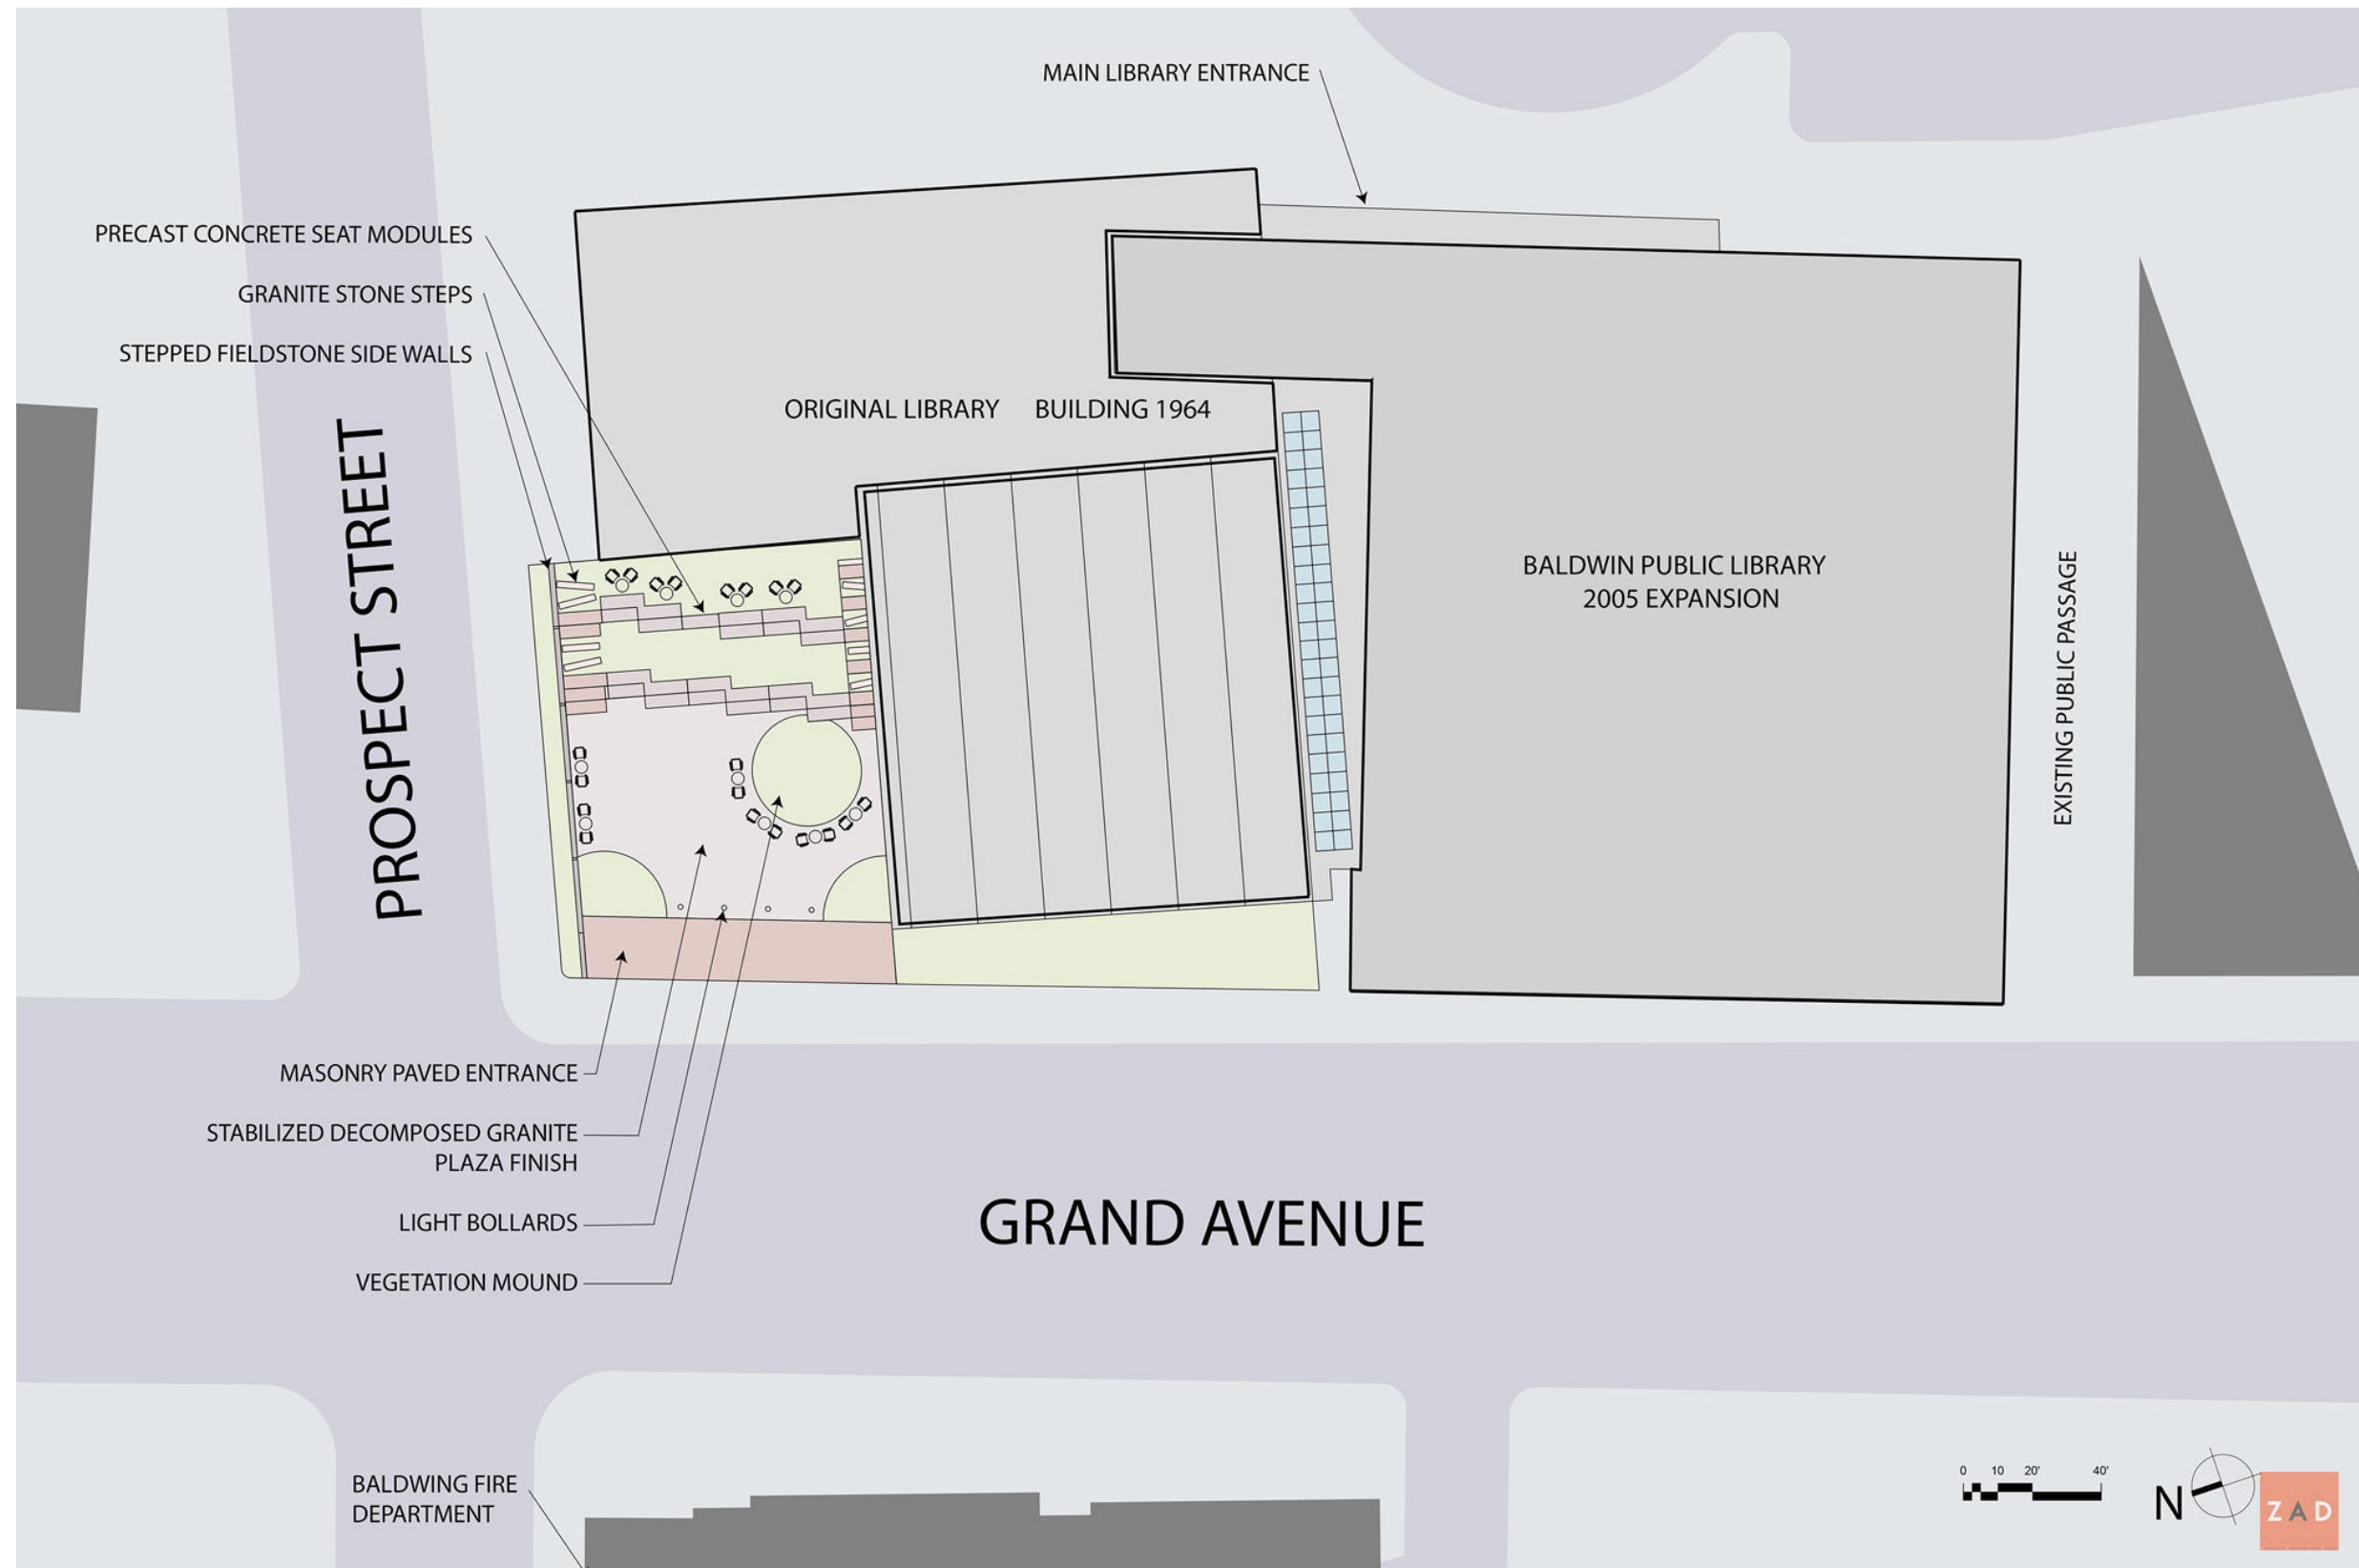

Partner in charge: Willy Zambrano
