

Park Avenue Dialysis Center
116-124 East 124th Street,
Manhattan, NY

Type: Health Care /
Adaptive Reuse
Client: Park Avenue
Dialysis Center
Year: 2014
Cost: 3.2 Million
Project Size: 9,5000 g.s.f.

Inserted in an existing brick building in Upper East Side New York City, Park Avenue Dialysis is ZAD's first large Dialysis Center design for a public Health Care Organization. The strictly interior design program located within a historic building with lumber structural supports required almost surgical interventions for design systems and equipments.

Partner in charge: Willy Zambrano
Design Partner: Daniel Barrenechea
Project Manager: Nancy Guzman,
Ebru Sulker
Designer: Anna Maria Jakiela

PARK AVENUE DIALYSIS CENTER
DIALYSIS CENTER . INTERIOR DESIGN
116-124 EAST 124TH STREET,
MANHATTAN, NY

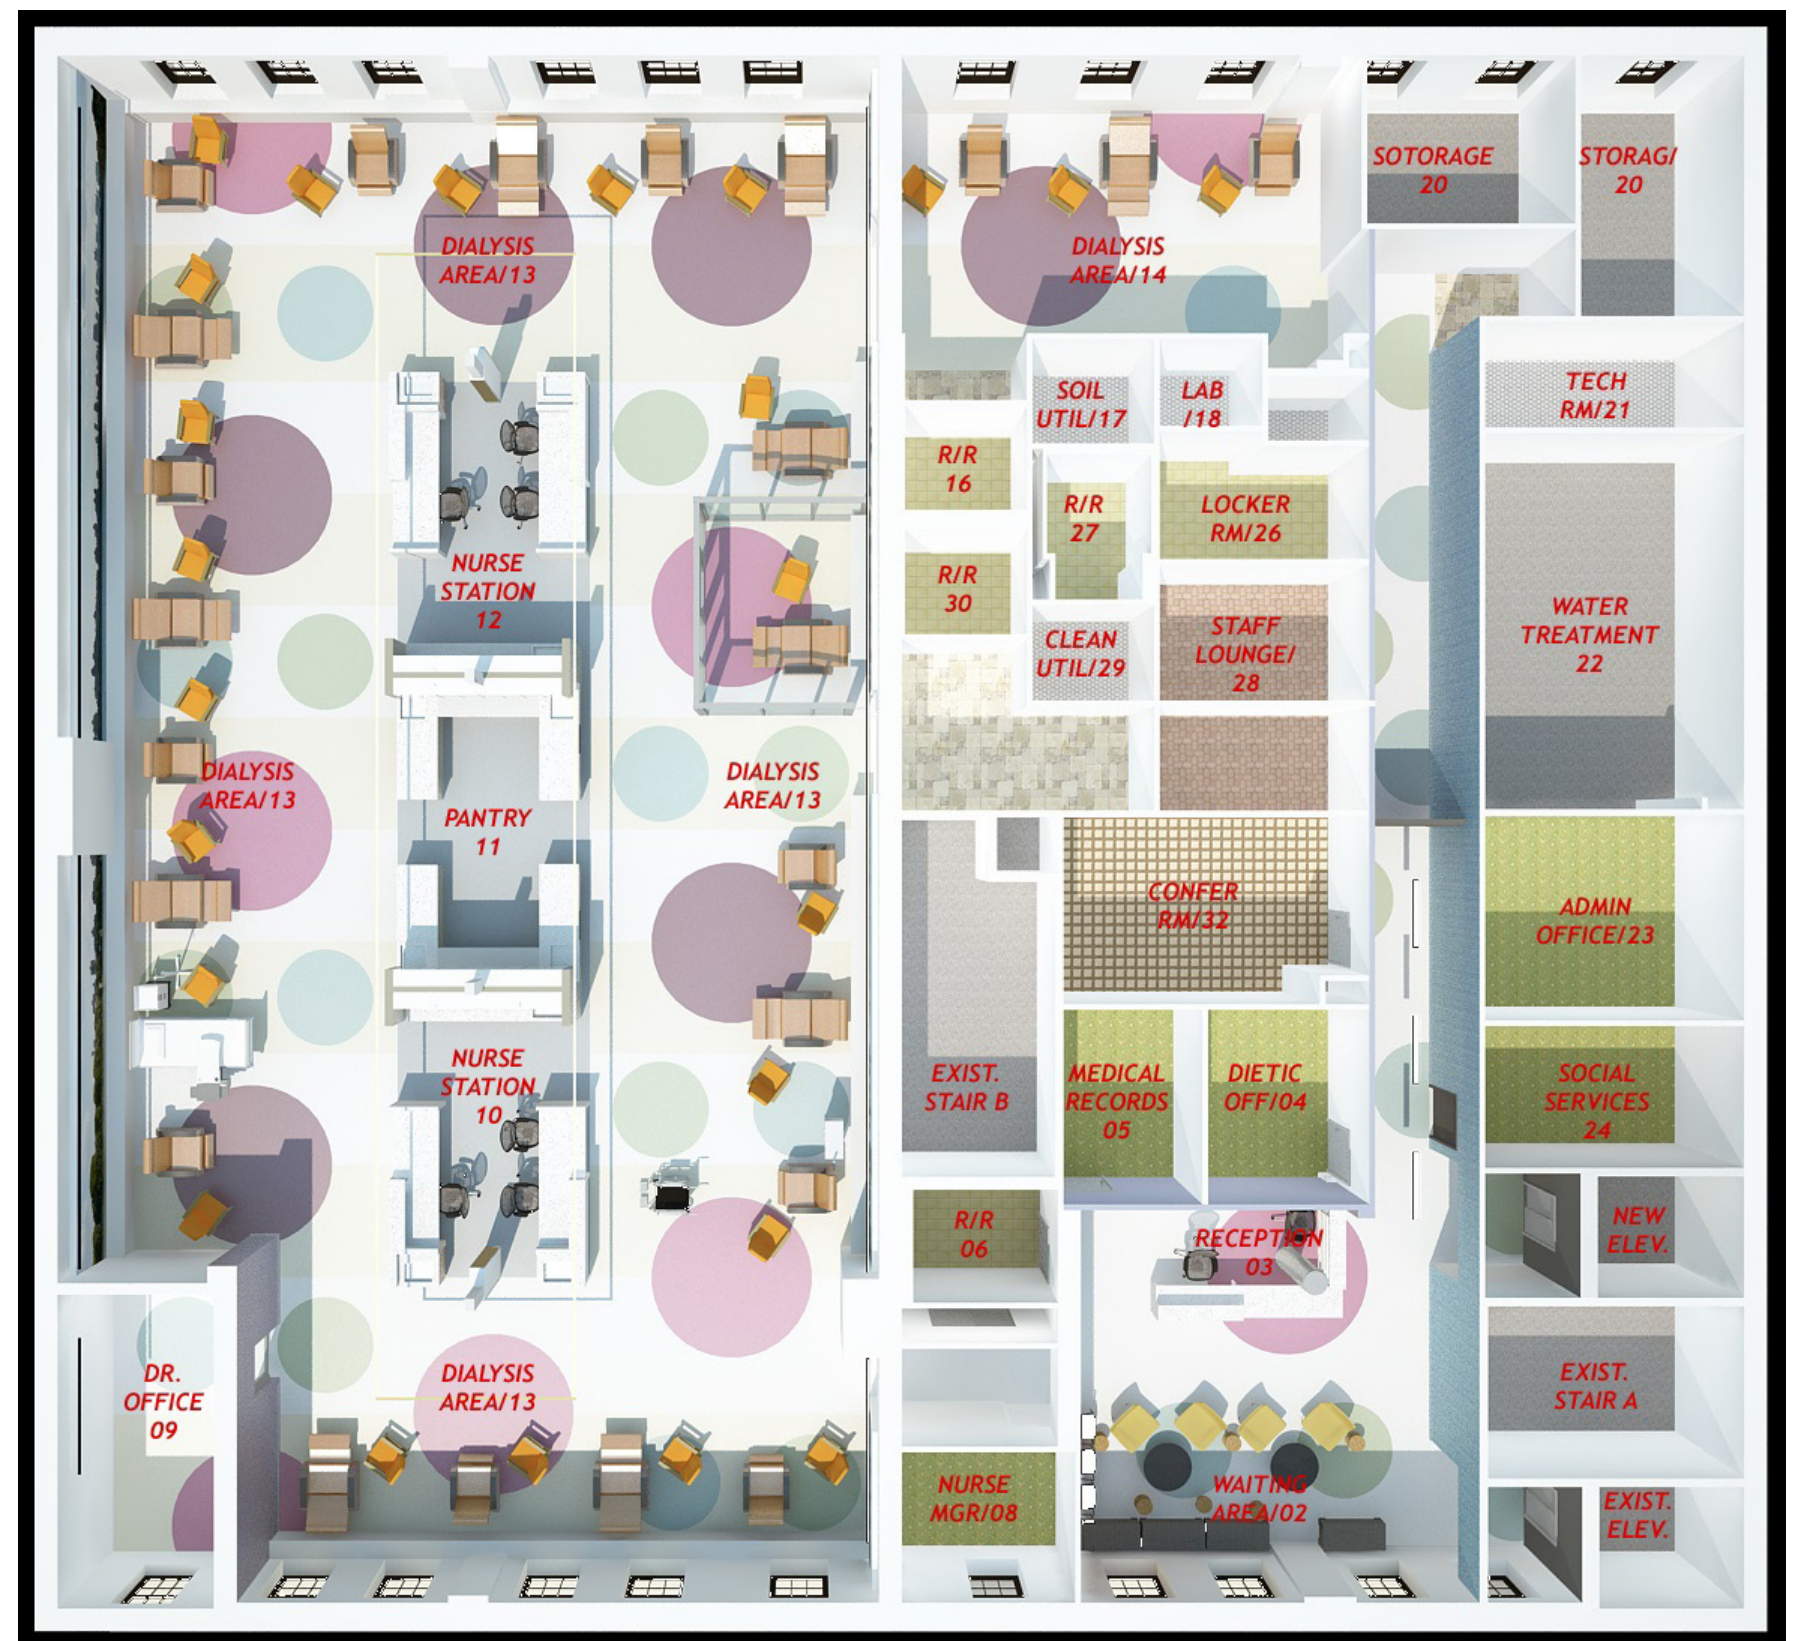

The successful integration of all specialties within a friendly and inviting interior created a warm dialysis clinic environment, not a typical feature in this type of facility. Soothing colors, lighting and finishes aim for patient comfort.
